

Appendix 5 – P1 - Pricing

The price is a fixed fee for the entire project and has to be formulated in EURO, excluding VAT. In all cases the price is an all-in rate. Client expects no costs during the Assignment that are not explicitly stated in the Tender. In the event that the prices need to increase/decrease during the execution of the tasks written in the RFQ for a value of over 5% of the fixed fee, then the fixed price will be a subject of discussion and formal approval by EIT Digital is required.

Client allows Tenderers to subscribe with prices of maximum EUR 700.000 (seven hundred thousand euro). EIT Digital is allowed to exclude Tenderers with an overall price below EUR 600.000 (six hundred thousand euro) and above EUR 700.000 (seven hundred thousand euro).

The prices are fixed for the duration of the Agreement. No price indexation will be accepted.

Fixed fee per project	
Numbers:	EUR (must be equal to cell G53 of Appendix 9)
Written:	EUR (must be equal to cell G53 of Appendix 9)
Explanation / Financial Statemen
