

Welcome to the latest edition of the EIT Digital newsletter!

In this issue, we're excited to share updates that highlight transformative milestones and opportunities shaping Europe's digital future. On January 28, the highly anticipated [launch of the EIT Digital \(d\)Academy](#) will take place at the prestigious EIT House in Brussels. To watch the online livestream, register [here](#).

This issue also invites you to **make your mark on the digital landscape** through our [Grow Digital Insights Series](#). As a platform for thought leaders and innovators, the series explored so far topics ranging from quantum computing to the rise of personal digital twins. If you're passionate about technology and its transformative potential, this is your chance to contribute and inspire others with your insights.

As we gear up to make an impact on health tech in Europe, check out the next steps for the Unite project on our brand-new [UNITE Digital Health website](#). Along with [RIV Circular](#), UNITE is one of two major pan-European programmes selected as part of the Regional Innovation Valleys initiative, in which EIT Digital is involved.

This newsletter is your gateway to the ideas and initiatives driving Europe's digital transformation. Join us as we embrace these opportunities and navigate the path to a more connected, innovative future.

Get Ready to Revolutionize Digital Education with EIT Digital's (d)Academy Launch!

Join the educational revolution on January 28 at the grand unveiling of the **EIT Digital (d)Academy**, set to transform digital education across Europe. This hybrid event, held at the prestigious EIT House in Brussels and **online**, promises an exclusive morning filled with insightful discussions and innovative solutions, open to a select group of invitees and available via livestream.

When: January 28, 2025 | **Time:** 10:00 - 12:00 CET | **Where:** EIT House, Brussels & Livestream

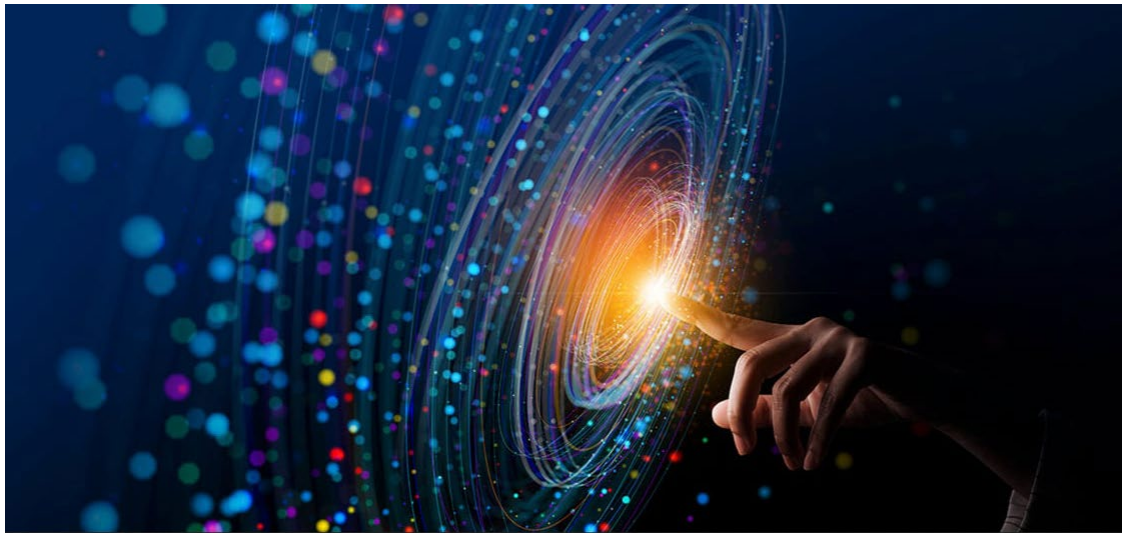

What's the Buzz? The (d)Academy, **launched softly** in 2023, is quickly becoming a cornerstone of the EIT Digital ecosystem. With 300+ partners and over 200 alumni from the EIT Digital Master School, the academy is pioneering a transformative educational approach through its state-of-the-art, AI-driven platform.

Why You Can't Miss It:

- **Insider Access:** Dive deep into Europe's digital transformation and how the (d)Academy nurtures entrepreneurial education and top-tier digital skills.
- **Bridging Gaps:** Connect education, research, and business to foster a seamless ecosystem, enhancing Europe's role in the global digital economy.
- **Expert Insights:** Engage with EU leaders and innovators during panel discussions on job hunting, upskilling, and Europe's digital and green transitions.

- **Live Demos:** Experience firsthand the cutting-edge AI tools designed to meet today's labor market needs.
- **Networking:** Mingle with like-minded peers, thought leaders, and visionaries during breaks.

Mark your calendar for an enlightening experience that promises to reshape how Europe educates its digital workforce. See you there!

Contribute to Our Grow Digital Insights Series!

EIT Digital is actively seeking new contributors for our [Grow Digital Insights Series](#). If you have expertise in cutting-edge technology topics and a passion for shaping the future, we want to hear from you!

About Grow Digital Insights: This monthly publication series dives deep into the transformative world of digital technology. From [quantum computing](#) and [personal digital twins](#) to the evolving fintech landscape where [ownership shifts to access](#), our articles explore a broad spectrum of innovative topics.

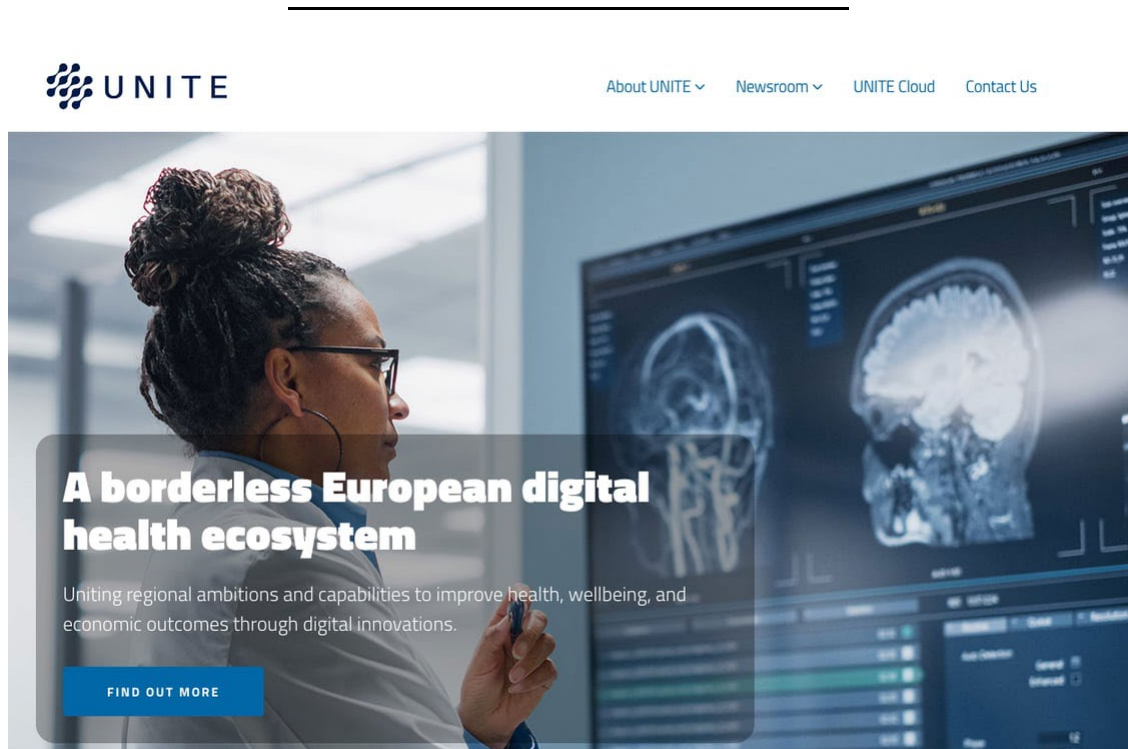

Why Contribute? Contributing to the Grow Digital Insights Series offers you a platform to share your knowledge and insights with a wide audience, bridging the gap between complex tech concepts and general understanding. It's an opportunity to influence how people think about technology and its impact on our daily lives and future.

How to Get Involved: Are you ready to contribute your voice to our series? Whether you're an established expert or an emerging thinker in the tech world, we encourage you to apply. Reach out to us at press@eitdigital.eu and send us an

outline of your topic and how you plan to approach it. We are eager to expand our contributor community and explore new perspectives on technology's rapidly evolving landscape.

Join us in navigating and shaping the future of technology.

Your insights could lead the way!

The UNITE Website Is Live, with an exclusive interview

We are pleased to announce the launch of the [UNITE Digital Health website](#), a significant development in our endeavor to **bridge the digital health divide** across Europe.

About the UNITE Programme: Supported by the European Commission [with a substantial €20 million investment](#), the UNITE initiative is committed to advancing digital health innovation, addressing workforce challenges, and enhancing healthcare access throughout Europe. This initiative is set to improve procurement processes, facilitate data sharing, and increase Europe's competitiveness on a global scale.

Exclusive Insights: In our first feature since the launch, [we dive into an exclusive chat with Constantinos Michailidis](#), the brains behind internal organization and

operations in Central Macedonia. Michailidis shares his vision of fostering collaboration, tackling healthcare challenges head-on, and crafting innovative solutions that ensure equitable healthcare access and advance remote care through AI and big data.

What's Next? This is just the beginning. Visit unitedigihealth.eu to stay tuned into this transformative journey.
