

Appendix 5 – Price offer – P1

The price has to be formulated in EURO, excluding VAT. Client excepts no costs during the Assignment that are not explicitly stated in the Tender. In the event that the prices need to increase/decrease during the execution of the tasks written in the RFP for a value of over 5%, then the fixed price will be a subject of discussion and formal approval by 28DIGITAL is required.

Client allows Tenderers to subscribe with prices of maximum EUR 210.000 (two hundred and ten thousand euro). 28DIGITAL is allowed to exclude Tenderers with an overall price above EUR 210.000 (two hundred and ten thousand euro).

The prices are fixed for the duration of the Agreement. No price indexation will be accepted.
